**PACKAGE
PRICE
\$3,000**
+ Installation

House Package \$3,000
Estimated Installation \$600-\$1,200*

PACKAGE INCLUDES:

- AC/DC Universal Stainless Steel Element
- Smart Controller for Hot Water with WiFi & Bluetooth
- Solar MPPT Controller
- 1250w Solar Panels and Mounting

The smart controller can control when the mains power is accessed - Resulting in cheaper power costs.

**Installation costs vary depending on your hot cylinder and roof set up.*
